... Capital Budgeting Examples | Top 5 Capital Budgeting ... Lastly, the basic budgeting problem can be seen as a problem of resource redistribution in order to address social equity and poverty concerns (see Section 2.5). These principles and the analytical techniques which they have generated are complementary and a technically sound process of resource allocation decision-making would apply them all. The Basic Budgeting Problem Capital budgeting is vital in marketing decisions. Decisions on investment, which take time to mature, have to be based on the returns which that investment will make. Unless the project is for social reasons only, if the investment is unprofitable in the long run, it is unwise to invest in it now. Chapter 6 - Investment decisions - Capital budgeting “Capital budgeting is long-term planning for making and financing proposed capital outlays Explain. What are the limitation of capital budgeting ? “For most investment decisions that a firm faces net present value is either a superior decision criterion or is at least as good as the competing technique”.
