If you use a Medtronic insulin pump, the Enlite

Sensor is likely to be your first choice if you are looking for CGM functionality as well. Direct integration with Medtronic insulin pumps Note that t Medtronic Enlite Sensor User Guide | DiabetesTalk.Net Indications for use The Enlite glucose sensor (sensor) is intended for use with Medtronic Diabetes (Medtronic) glucose sensing systems to continuously monitor glucose levels in persons with diabetes. Refer to the Enlite Serter User Guide for instructions on inserting the sensor. The sensor has a maximum life of 144 hours (six days). Glucose Sensor • Capteur de glucose The Enlite glucose sensor (sensor) is indicated for use with Medtronic Diabetes (Medtronic) glucose sensing systems to continuously monitor glucose levels in

persons age 7 or older with type 1 diabetes. The sensor is indicated for use as an adjunctive device to complement, not replace, information obtained from standard blood glucose Glucose Sensor - Medtronic Diabetes PRODUCT DETAILS. The Enlite sensor has an electrode that inserts just under the skin to measure your glucose values. In conjunction with the Guardian™ 2 link transmitter, your glucose information is sent directly to your MiniMed™ insulin pump. The Enlite sensor is compatible with most Medtronic smart pump technology systems. Diabetes Treatment - Enlite Sensor | Medtronic Medtronic Diabetes offers an integrated system combining insulin pumps and Continuous Glucose Monitoring. Get started on insulin

pump therapy and Continuous Glucose Monitoring. Guides and Manuals | Medtronic Diabetes Short video on how you can insert a Medtronic Enlite Sensor without the insertion device. Manual insertion of Medtronic Enlite Sensor - YouTube Enlite is part of the Aurora Group - one of the fastest-growing and most innovative lighting manufacturing organisations - which produces a portfolio of more than 1,200 LED lighting products culminating from 20 years of engineering, manufacturing, marketing, training and support. Enlite - Lighting Essentials To reduce the sensor coverage, preventing detection in unwanted areas, mask the sensor lens using electricians tape or similar (see

diagram D). For your information, the top section of the lens covers long range detection, the bottom covers short range. PIR Motion Detector - Free Instruction Manuals transmitter from the sensor as described in your transmitter user guide. Gently pull the sensor from your body to remove it. Place the sensor in a sharps container. Reagents The sensor contains two biological reagents: glucose oxidase, and human serum albumin (HSA). Glucose oxidase is derived from Guardian Sensor (3) - Medtronic The New Generation Enlite sensor features an innovation to the sensor adhesive patch to help reduce skin irritations More reliable sensor to transmitter connection, which can reduce the likelihood of data gaps. Continuous

Glucose Monitoring | Medtronic Diabetes Page 4 The Enlite Serter (Serter) does not work the same as other Medtronic insertion devices. The Serter injects the sensor into the insertion site when the button is released, not when the button is pressed. Be sure to read the entire Enlite Serter User Guide before attempting to insert the sensor. Page 5 3. Insert a new sensor in a different location. MEDTRONIC ENLITE MANUAL Pdf Download. Enlite® sensor is only labeled for use with Medtronic products: MiniMed Paradigm® Veo™ System, MiniMed Paradigm® REAL-Time System, Guardian® REAL-Time CGM System, iPro™ 2. Enlite® sensor is not labeled for use with Medtronic CGMS Gold® and iPro™ Enlite Sensor Performance
