Extinction Horizon The Cycle
1 Published on The Nerd Daily |
Review by Salima Bensalah
Extinction Horizon is the explosive
first instalment of the successful
Extinction Cycle series, and focuses
upon the spread of a deadly strain
of the Ebola virus as it sweeps
across the world. As the infection
response rates quicken and there
seems to be no way of controlling
the virus, it is only a matter of time
to find a cure or destroy the
infected. Extinction Horizon by
