Documentation After many emails from hospice chaplains around the country asking for an IDT note template, here is one. While some hospice agencies do not take this

part of hospice chaplain documentation seriously, IDT notes are critical for a hospice company's survival and compliance. Hospice Chaplain IDT Notes - HOSPICE CHAPLAINCY The delivery of hospice care is based on the comprehensive assessment and the individualized plan of care, both of which require the involvement of the IDT. The comprehensive assessment is intended to assess the patient and family from a holistic point of view, not just from a medical perspective. The Role of the IDT in Meeting Hospice Regulatory Requirements IDT will name patient and family goals. IDT will plan how each discipline and the team as a whole will support patient and family in meeting their goals and achieve good outcomes

in the following two weeks. Patient Goal Oriented IDT Meetings: A model to identify ... interdisciplinary team to hospice care ... the IDT in revising the plan of care ... members about the documentation process and its relevance to their work and serves as a key organizational resource to evaluate and guide the development of systems and processes to facilitate efficient documentation Describes the behaviors of punctuality, follow through and accountability with respect to team ... Interdisciplinary Team Competency Grid Eligibility documentation is the primary area requiring significant improvement in most hospice programs. It is also the most at-risk area for payment by CMS. This article will focus on helping clinical hospice staff-

especially chaplains to understand their role and learn ways to improve this process. Five Steps to proper Hospice Chaplain Documentation- For ... a hospice agency or documentation vendor may request as part of their internal policy that two physician signatures are obtained at the start of care for each benefit period. This is not a Centers for Medicare & Medicaid Services (CMS) mandate, it is an internal policy. Hospice Documentation Checklist At completion the participant will be able to:

- Identify 2 components of a hospice note
- Describe 3 parts of the routine note that need to be documented with each visit
- Define documentation of pain assessment to include 2 types of standardized pain scales.
