It's essential to have the latest version of the app to complete setup. Download it from the Apple App Store or from Google Play. If you don ... How to install your Nest thermostat - Google Nest

Help Downlights are wired in a radial circuit and so the feed wire goes to the first light in the circuit and then from the first to the second and then from the second to the third etc. When you get to the last light on the circuit the wire is terminated into the last light and so there will only be one wire at the last light fitting, as opposed to two at all the others. Install downlights |

elements: Guidance for Electricity and Gas Meter Installation ... Installation of overhead cables to out houses and garages needs to be done correctly, this is achieved by means of a catenary wire with a cable fastened to it. In other countries catenary wires are something you see every day, especially in the U.S.A, they use a lot of catenary cables for everything from getting the supply into their homes, telephone cables to cable TV. Home Wiring Guide - Overhead wiring Connect the control circuit to the Heat Link. Connect the common and call-for-heat connectors on the boiler or junction box to the 2 (common) and 3 (call-for-heat) connectors on the Heat Link These cables will control the heating system See installation diagrams

on page 32. Installation step-by-step. Nest Learning Thermostat Installation Guide The proper wire size is critical to any electrical wire installation. Wire sizing indicates the diameter of the metal conductor of the wire and is based on the American Wire Gauge (AWG) system. The gauge of a wire relates to the wire's current-carrying capacity, or how much amperage the wire can safely handle. All About Electrical Wiring Types, Sizes, and Installation Wiring tips Wire colors can vary, but:

- Common or C wires are generally blue.
- If there's an orange wire in the connector labeled both W and O/B, then you likely have a heat pump. Put this wire in the Nest Thermostat's \* O/B connector.
- If there's a white wire in the connector labeled both W
