Paper Spinners Investigation Ks2 I was so surprised at how well these easy paper spinners (or paper helicopters) worked, they take less than two minutes to put together, spin amazingly well and inspire some great investigations. They are also part of my Tray a Day series, so do follow along on the Science Sparks Facebook page.. I've also got lots more easy paper science challenges you might like to try. Forces and Motion - Easy Paper Spinners - Science Sparks The fact that all objects fall at the same speed without air resistance has children in a spin in this session. Children ask their own question to investigate about

their paper spinners and work together scientifically to find answers. Suitable for Year 6 pupils. Find other lesson plans and resources at www.hamilton-trust.org.uk. Spinner investigation | Teaching Resources This resource, aimed at primary level, links to the topic of forces. Students use a template to make paper spinners, and then investigate how fast they fall when different variables such as length of rotor blade, type of paper or number of paper clips are changed. The resource contains notes on running the activity, background knowledge and ideas for further activities. Paper Helicopters - Science | STEM Paper Spinners Hold the spinner with the paperclip end down and drop What happens if you add more paper clips?
