management ... Self reflection is the key and way of critical thinking in good manner. In this assessment, I will elaborate the whole experience of applied innovation class in my own words. I will discuss how we select the project for Auckland transport and my experience to work in this project. I will describe my journey in the forthcoming paragraphs. Self Reflection and Project Management Plan Project reflection is also important: Project reflection is different from self-reflection. The project reflection is entirely about the project itself while self-reflection is the person's thinking and opinion about the work. Project reflection is also equally important as the self-reflection. How to Write Insight and Reflection for Project
