The House Of Dead Amp The House of the Dead is a "rail shooter" - a kind of game I have not seen before on a PC platform although it is well known for arcade fans. For those of you who aren't familiar with the expression "rail shooter": unlike the usual first-person shooters such as Quake , Doom and so on, in House of the Dead you are not able to choose the directions yourself, only where the game wants you to go. is a horror-themed rail shooter

video game franchise created by

Sega in 1996. Originally released on

arcade, it utilizes a light gun on the

platform, but can be played with

standard controllers on consoles

and a mouse or keyboard on home

computers. For the PlayStation

Network releases of III and 4, they

can also be played using the

PlayStation Move controller. As of

Fyodor Dostoyevsky

2018, there are six House of the Dead games originating in a first person rail shooter format available.

ROMs The House Of The Dead 2 & 3 Return - Nintendo Wii (Wii ... House of the Dead is based of the early Sega Light-gun game of the same game. The game itself is very immersive, the movie is no different but the movie is predictable and throws and mixes alot of late 90s European teen spirit into the movie and I thought it didn't make any sense or gave away the idea of making a movie.
