The Singularity Is Near When The Singularity Is Near: When Humans Transcend Biology is a 2005 non-fiction book about artificial intelligence and the future of humanity by inventor and futurist Ray Kurzweil. The book builds on the ideas introduced in Kurzweil's previous books, *The Age of Intelligent Machines* and *The Age of Spiritual Machines*. This time, however, Kurzweil embraces the term the Singularity, which was popularized by Vernor Vinge in his 1993 essay "The Coming Technological Singularity." Kurzweil describes his la The Singularity Is Near - Wikipedia In this new world, there will be no clear distinction between human and machine, real reality and virtual reality. While the social and philosophical ramifications of these changes will be profound, and the threats they pose considerable, *The Singularity Is Near* maintains a radically optimistic view of the future course of human development. *The Singularity Is Near: When Humans Transcend Biology ... Ray Kurzweil's Singularity Is Near* is an argument for a technology singularity coming in the near future, a time when machines will have and be able to make other machines with intelligence comparable to human beings, and he expects this to happen in year 2045. Kurzweil predicts that at some point after this machine production of other machines that human beings and other machines will be indistinguishable. *The Singularity is Near: When Humans Transcend Biology* by ... *The Singularity is Near: When Humans Transcend Biology* is a comprehensive and detailed account which presents a perspective of the future arising from a radical
