The Wolf's Tooth: Keystone Predators, Trophic Cascades ... The Wolf's Tooth: Keystone Predators, Trophic Cascades, and Biodiversity] In the early 1900s, while cruising timber as a young forester, American conservationist Aldo Leopold, founder of the science of wildlife biology, encountered a female wolf with her pups. Aldo Leopold and the Mark of the Wolf's Tooth by Cristina ... Switzerland voters are set to decide on whether to make it easier

to shoot the predators in a highly contested referendum that has farmers and wolf advocates baring their teeth. Switzerland to hold key vote on future of wolves, World ... Now, Swiss voters are set to decide on whether to make it easier to shoot the predators in a highly contested referendum that has farmers and wolf advocates baring their teeth. The poll comes on the same day that they vote on whether to maintain existing freedom of movement arrangements with the EU (recent polls suggest strong support for doing so).
